

Subject: Application for Summer Internship Opportunity – B.Tech CSE (AI & ML), First Year

Dear Sir/Madam,

I hope this message finds you well. My name is Ankit Sharma, and I am a first-year B.Tech student specialising in Computer Science Engineering (AI & ML) at VIT Bhopal University (Registration No. 25BAI11523).

I am writing to express my strong interest in a summer internship opportunity at [Company Name]. I came across your organization through LinkedIn, and I was genuinely impressed by the work your team is doing in data analytics.

Although I am at an early stage of my academic journey, I am eager to apply my foundational knowledge in programming and AI concepts in a real-world environment. I am a quick learner, comfortable with tools such as Python and GitHub, and deeply motivated to contribute meaningfully to your team.

I would be grateful for the opportunity to discuss any internship openings suitable for first-year students. I have attached my academic profile for your reference. Please feel free to reach out at your convenience.

Thank you very much for considering my application. I look forward to the possibility of working with your team.

Yours sincerely,

Ankit Sharma
